

It is an honor to be selected by the WSPTA nominating committee for the position of Finance Officer. I got involved in PTA when my family transferred here in 2013 and enjoy being a part of a fantastic organization. I have been married for 22 years and we have two fabulous boys who are 20 and 18. My husband is currently serving in the Navy and has been for 23 years. I currently work at Ridgetop Middle school as the ASB bookkeeper and athletic secretary. This allows me to get paid to work with kids as well as working with them in my volunteer roles with the PTA. Our number one priority is to be a voice for children, but to also let the children have a voice. I believe the role of the Finance Officer is not only to make sure the finance reports are accurate and available each month but to also provide guidance to councils and local PTA's. If elected as the WSPTA Finance Officer I hope to be a relevant resource to the board, councils, local PTA's and members. I am excited for this opportunity and looking forward to serving our members and children.
