

# Sign in PRO on HB 2320: Preventing 3D-Printed Ghost Guns

We need your voice!

Help protect our children from untraceable firearms by [signing in PRO on HB 2320](#) by **7am on Wednesday January 21**. This critical legislation addresses the growing threat of 3D-printed "ghost guns" that bypass background checks and put our students at risk.

**[The facts are stark:](#)** Firearms are the **leading cause of death** for American children.

In Washington, suicide by firearm is the leading cause of death for youth ages 10-24, killing more than 150 children per year. Living in a home with a firearm increases youth suicide risk four-fold. This bill helps keep weapons out of the hands of those who should not have them.

## What Is "Signing in PRO"?

Signing in PRO is a simple way to show your support for a bill without testifying in person. Your name is recorded in the official legislative record, showing lawmakers that you support this important safety measure. It takes under 2 minutes.

**Step 1:** [Click here to access the Committee Sign In – Legislative Record](#)

**Step 2:** Fill out the simple form:

- Enter your name and contact information (you need not give your street address)
- Select "**PRO**" (in support of the bill)
- In the "Representing" field, type: **Parent Advocate**

**Step 3:** Submit! That's it!

The House Civil Rights & Judiciary Committee will hold a public hearing on HB 2320 on **Wednesday, January 21, 2026 at 8:00 AM**. [Sign in Pro by 7am](#) to ensure your position is recorded.

## Your Voice Matters

Legislators pay attention to how many constituents sign in on bills. Every signature shows that Washington parents are united in demanding action to protect our children from gun violence. Your two minutes can make a real difference. **Please forward this to your fellow PTA members and networks.**

**Together, we can make Washington schools and communities safer for all children.**

**Thank you for your advocacy, Megan Larkin WSPTA Advocacy Director.**
