## Community & Leadership Profile

I am a technology professional and engaged community member dedicated to supporting communities, students, families, and schools. With over 12 years of experience in information technology and public service, I can bring strong organizational, analytical, and collaborative skills to leadership roles. I am passionate about building inclusive school communities, supporting student success, and strengthening partnerships between families, educators, and local organizations.

## Professional Experience

**Application Developer – Journey Level, Washington State Department of Social and Health Services (DSHS)**  
(2020 – Present)

- Develop and maintain modern web applications that support public service programs across Washington State.
- Collaborate with cross-functional teams to improve systems, streamline processes, and enhance user experience.
- Contribute to technical documentation and system modernization initiatives.

**Programmer Analyst, Vertucom Inc., Texas** (2015 – 2020)

- Designed and maintained enterprise web applications using Microsoft technologies.
- Provided data analysis and technical support for large-scale financial and reporting systems.

**Computer Programmer, Horizon Technologies Inc., California** (2012 – 2015)

- Developed software solutions and database systems supporting business applications.

## Education

Master of Science, Computer Engineering – University of Bridgeport, Connecticut

Bachelor of Technology, Computer Science & Engineering – Bhutta College of Engineering and Technology, India

## Skills & Strengths

Leadership • Community Collaboration • Problem Solving • Technology & Data Systems • Project Coordination • Communication • Teamwork

## Commitment to PTA Values

I believe strong schools are built through active family engagement and community collaboration. I am committed to supporting the mission of the PTA by advocating for students, encouraging family involvement, and helping create positive, inclusive learning environments where every child can succeed.
